

## **NEW!! Hagerty Discount for Matthews Boat Owner's Association**

**A 10% discount on insurance premiums for antique and classic boat insurance purchased through Hagerty Classic Marine Insurance.**

Serving clients for over 30 years, Hagerty is the world's leading provider of classic boat insurance. Hagerty protects classic boats made of wood, fiberglass and steel including -- but certainly not limited to -- runabouts, cruisers and sailboats. This also includes boats under restoration, and if you own a newer boat in addition to your classic, Hagerty can protect it, too.

- Fast and Courteous Customer Service - Hagerty has a 98% client satisfaction rating.
- Low Premiums - Unlike everyday insurance carriers, Hagerty provides coverage geared specifically to your collector boat and the way you use it.
- Club Discounts - As an added bonus to boaters who are involved in the hobby, Hagerty provides a 10% discount to members of the Matthews Boat Owner's Association. \*\*
- Surveys - With Hagerty, an out of water marine survey is typically required for vessels over 26' in length. Marine surveys completed within the last three years are acceptable, as long as they were performed by a qualified surveyor while the vessel was out of water. Surveys are required every five years after the initial survey requirement of within three years.
- Pollution - Accidental fuel spill coverage—including containment, clean-up, and resulting property damage—is provided at the federal limit of liability (currently \$854,400, but this amount may be periodically adjusted for inflation by the USCG rule).
- In House Claims Service - Your claim is handled by a classic boat insurance expert in-house, ensuring personal and direct client service even during the busiest times of the year. Hagerty will also work with your repair shop of choice to ensure repairs are done the right way by someone you trust.

"We may sell insurance, but we live classics."

*\*\* Tennessee law prohibits any insurance company from applying discounts based on club membership. This is the only state where the club credit is unavailable.*
